Correction to: Emergency department screening and interventions for substance use disorders

Kathryn Hawk*  and Gail D'Onofrio

Correction to: *Addict Sci Clin Pract* (2018) 13:18

<https://doi.org/10.1186/s13722-018-0117-1>

In the version of this article that was originally published [1], some information in the “Background” section was erroneously omitted. This has now been corrected in this Correction note.

Background

Individuals with SUDs regularly access emergency care, with nearly half of all 4.9 million drug-related ED visits in 2010 categorized as relating to substance use disorders [5].
